- **CARTAC's Steering Committee Endorsed the Program Document for Phase VI.**
CARTAC's Steering Committee met virtually over the two days of December 1-2, 2022. The meeting was once again well attended and included participation for the first time by China, Spain and India as observers. The Committee endorsed the increased work program proposed for the second half of FY23, the extension of the Centre's current phase by one more year until April 2024, and the program document for the next phase during 2024-9. The next meeting will be in-person in Barbados on June 1, 2023, when development partners and member countries will be expected to make their pledges of financial contribution for the next phase.
